#### **About HPA Tech Retreat:**

The HPA Tech Retreat is a one-of-a-kind event in the entertainment industry, where top leaders in engineering, technology, creativity, and business step away from their daily routines to engage with the most compelling topics in content creation, management, and distribution. This exclusive gathering fosters candid, expert-level discussions and delivers insights and debates found nowhere else. Ideas are rigorously explored onstage and throughout every aspect of the event — from golf tournaments and intimate Roundtables to evening dinners and nightcaps.
